

Classroom Social Media Parent Notification Letter and Opt-out Form

Dear Parent/Guardian,

We are excited to inform you about some of the ways we continue to enhance education, communication, and learning.

Our school will be using social media (i.e., twitter, Facebook, YouTube) in certain classrooms in connection with lessons and assignments to facilitate student learning.

Teachers and staff will continue to educate your child about the importance of safe, responsible, and appropriate online behavior, but ask that you work with us in reinforcing this at home.

Below is a list of all the classroom social media that your child will be invited to join in connection with classroom lessons and assignments during school year _____.

Instructions: Place a check mark and initial below if you **DO NOT** want your child to participate in any of the classroom social media opportunities listed.

Please also sign and return this form so your opt-out may be recorded.

Class/Program	Social media	Intended Purpose	I do not Consent (check below)	Parent Initials

Student's Name (please print)

Parent/Guardian signature

Date: _____
