Honor Cords

Students wearing blue cords recognize their achievement of earning the 15+ Credit Milestone.

Students wearing gold cords recognize their achievement of earning the 30+ Credit Milestone. In the program, these students' achievement is noted with a 30+ listed after their name.

City Colleges of Chicago associate degree earners may be wearing platinum cords that they wore at the 2024 City Colleges of Chicago Commencement ceremony earlier this month. The Platinum cord recognizes their achievement as Early College graduates who earned their associate degrees while still in high school. In the program, these students' achievement is noted with an *AD* – associate degree – listed after their name.

Special Recognition

Thank you to the early college staff across CPS, City Colleges, and DeVry who volunteered their time and efforts to plan and produce the 2024 Early College Milestone Celebration.
